TURMALIN

DEEP ELECTRONIC SOUNDJOURNEYS

BIOGRAPHY & SOUNDSCAPE

Deep. Gritty. Full of character.

I am Philipp from Augsburg, Germany, and I have been playing electronic music in clubs, at festivals and at my own events since 2020. As TURMALIN, I bring together deep, gritty “knatschig” basslines, groovy rhythms, distinctive vocals and organic textures - atmospheric, characterful and full of energy.

My sound moves from deep downtempo and midtempo through punchy indie dance to driving psytech. I create electronic sound journeys that unfold with the energy of the moment: sometimes nasty and bouncy, sometimes psychedelic and driving.
